## Did you know? March is Nutrition Month

A Healthy School Community:

- Recognizes that healthy students learn better and achieve more;
- Understands that schools can directly influence students' health and behaviours;
- Encourages healthy lifestyle choices, and promotes students' health and well-being;
- Incorporates health into all aspects of school and learning;
- Links health and education issues and systems; and
- Needs the participation and support of families and the greater community!

### Do you know how to raise a concern?

Did you know that there's a protocol in place to help families contact schools, or HRCE Central Office, when you have concerns about your student's education or well-being?

- All concerns should first be shared with your child's teacher.
- If your concern is not resolved, you should then contact the principal.
- If your concern remains unresolved, you can reach out to HRCE's Parent Navigators who can provide information about a wide range of supports and resources or connect you with the school supervisor.
- If your matter continues to be unresolved, you can then initiate a formal review process in which the matter will be investigated by the appropriate HRCE Directors.
- The final step is for your concern to be passed on to the Regional Executive Director.
